School Spirit Quiz

Mostly As:

You are Mr. or Mrs. Socialchair—everyone comes to you to see what's going on or to get your advice. Just remember: keep the activities more interesting (and much more fun!) by inviting along new people with varying interests.

Mostly Bs:

You know the way to the top is by staying at the top of the class. You enjoy learning new things and are happiest with a new book in your hand. Just remember: keep the balance between work and play—hit the books at the beach instead of the library sometimes or head to the park with a study date!

Mostly Cs:

The best thing about school for you? All the sports! You're a total athlete and not afraid to get dirty. Just remember: enthusiasm and a great team spirit help everyone enjoy the game—regardless of skill level.

Mostly Ds:

"If you're going to do it, do it with flair"—that's your motto, and it's a good one to have since everyone knows you're the king or queen (of drama, that is!). Just remember: it's rarely a one-woman or one-man show—sharing the stage will always keep you in the limelight.

Mostly Es:

You are a blossoming artist, and everyone appreciates your stylish and creative ways. Just remember: share your talents! Volunteer to take pictures for the school paper or to manage the decorations for the next big dance or play.
